Competition TIME

Win tools for your community group!!

SERCUL recently conducted a survey to gauge the level of support community groups and volunteers currently receive from SERCUL and what they would like to see from SERCUL in the future.

Survey results indicated that community groups and volunteers would benefit from networking, knowledge sharing, and increased promotion.

So in order to promote your fantastic efforts, we are running a competition open to all volunteer environmental community groups.

To enter, submit a short story (no more than 300 words) that showcases your achievements - this can include your biggest achievement or favourite project site. Please include 2-4 photos, before and afters are great. Photos need to be minimum of 1MB each.

All entries will be displayed on the morning of the breakfast and on Facebook to raise awareness of your group and the work you undertake. Multiple people from one group can enter.

Winners announced at the volunteer breakfast!

Entries to be submitted by Monday 5 March

All entries to be sent to melindasnowball@sercul.org.au

For further enquiries phone 9458 5664

Thank you for taking the time to enter this competition - SERCUL greatly appreciates the time and effort every volunteer contributes!
